Subject: Kalies' Patent Signatures

Tom,

Dr. Kalies has received the patent paperwork we sent him in connection with 4 pending applications in which he is named as inventor. Today he called and expressed his willingness to sign the needed assignments and declarations but would like some affirmative indication from Omnicare that they still want him to sign them. He expressed some concern that his reviewing the pending applications could be viewed as his meddling in Omnicare's affairs. I advised him that he is already committed to reviewing the applications, assigning them to Omnicare and signing the necessary inventor's declarations.

By return email, please confirm that Omnicare still wishes to have Dr. Kalies review the applications and sign the necessary inventorship paperwork for the files. Thanks.

Ralph,

Here is the email I received from Tom Ludeke this morning. Looks like we are good to go for you to sign the declarations and assignments. Pixie has been on me about filing missing parts to previously filed applications, which includes the declaration paperwork we have sent to you previously.

If you have any questions which forms we need you to sign, contact Pixie at 614-469-3394. Thanks.

He was there. He wouldn't come to the phone but sent a message through the woman who answered the phone that he felt there was no need for him to sign those things. I asked him to call you.
